

TECHNICAL DATA SHEET

DIESEL PERFORMANCE IMPROVER

Improver, Reducer, Cleaner, Lubricator, Preventor, Eliminator, Protector

DESCRIPTION:

Rymax Diesel Performance Improver is an all-in-one solution that enhances the performance of diesel engines. It efficiently cleans the entire fuel system, boosts the cetane number, and restores lost power. Its advanced formula contains a lubricity additive that ensures adequate lubrication of the diesel fuel pump, especially in the case of low sulfur fuel. With Rymax Diesel Treatment, you get a multi-purpose diesel additive that offers maximum protection and performance for your engine.

Usage

For all diesel engines (incl. common rail) with or without turbochargers running on low or normal sulphur level diesel fuel.

Direction

Pour the contents of one bottle in the fuel tank before filling it with diesel fuel.

Dosage

For 40-60 liters of diesel fuel, use one 250 ml bottle. For intensive or sportive use, use one bottle for each tank fill-up.

For 1000 liters of diesel fuel, use one 1 litre bottle.

BENEFITS:

- Comprehensive cleaning of the entire fuel system, effectively targeting the injectors.
- Restoration of power and performance, resulting in improved engine efficiency.
- Enhanced combustion process, leading to reduced fuel consumption.
- Increased cetane number for improved overall engine efficiency and performance.
- Protection of the fuel system against corrosion, ensuring its longevity.
- Reduction in hazardous exhaust emissions, promoting a cleaner and environmentally friendly operation.
