

TECHNICAL DATA SHEET

OCTANE BOOSTER

Gasoline Performance Improver

DESCRIPTION:

Rymax Octane Booster is developed to boost octane level by 2 - 4 points, improve and restore performance and clean fuel intake systems.

Usage

All petrol (leaded or unleaded) engines with injectors or carburetor. Will not harm catalytic converters.

How to use?

Pour the contents of one bottle in the fuel tank before filling it with petrol.

Dosage

One bottle treats 40 to 60 litres of gasoline. Recommended use: one bottle every (gasoline) tank filling.

BENEFITS:

- Boosts the octane number of the fuel, improving its quality and performance.
- Enhances and restores overall engine performance, resulting in better power and responsiveness.
- Prevents exhaust valve seat recession, safeguarding critical engine components and extending their lifespan.
- Eliminates issues such as rough idling and engine hesitation, ensuring smooth and consistent operation.
- Improves combustion efficiency, leading to enhanced fuel economy and better mileage.
- Prevents spark plug fouling, maintaining optimal spark plug performance and longevity.
