

DESCRIPTION:

Rymax Atezio 134 is a fully synthetic automatic transmission fluid (ATF) especially developed for Mercedes Benz NAG2 automatic transmissions. It is formulated with high quality synthesized base oils and with the latest additives. This to guarantee a constant high level of its unique properties during use. Rymax Atezio 134 can be used for fill up or for refilling an automatic transmission, where a performance level of MB 236.14, (and also) MB 236.12 and MB 236.10 is recommended (except with 4Matic systems).

BENEFITS:

- Excellent thermal and oxidative stability
- Excellent protection from foaming, wear and corrosion
- Smooth and lasting shift feel even after extensive usage
- Contribution to fuel saving
- High viscosity index ensuring good lubrication in both high and low temperatures

PERFORMANCE LEVELS:

- MB 236.14

TYPICAL PROPERTIES

Colour	Unit	Red
Density 15 °C	Kg/m3	840
Viscosity 40 °C	cSt	29
Viscosity 100 °C	cSt	6
Viscosity Index		159
Pour Point	°C	-45
Flash Point	°C	>201
