

DESCRIPTION:

Rymax Motrax FO 15 is fork oil that is blended from carefully selected paraffinic base oils with a low pour point and a high viscosity index. They are inhibited with very effective high quality additives, ensuring an exceptional hydraulic springing and shock absorbing action. Rymax Motrax FO reduces scuffing and wear to a minimum, while a smooth movement is guaranteed.

Motrax FO is also available SAE 2.5/5/10/20.

BENEFITS:

- High thermal and oxidation stability
- Good anti-foam and anti-corrosive properties
- Stable viscosity over a long period of time due to viscosity index improvers

TYPICAL PROPERTIES

| SAE | Unit | 15 |
|------------------|-------------------|------|
| Density 15 °C: | Kg/m ³ | 860 |
| Viscosity 40 °C | cSt | 45 |
| Viscosity 100 °C | cSt | 7.4 |
| Viscosity Index | | 129 |
| Pour Point | °C | -45 |
| Flash Point | °C | >201 |
